

Recreation Soccer Parking

Parking at the Lura Hoit Pool complex is very tight! Both facilities offer programming during the Saturday morning hours and in order to accommodate patrons of both facilities we ask that you please try to remember the following regarding your parking.

1. Park in the designated lots for soccer families not in the pool lots.
(see map on back)
2. Please leave promptly at the end of your game. We only allow a 15 minute buffer to get families in and out and we need every spot for incoming game participants. If your children would like to remain to play at the playground please park in the overflow lot at the Hampden Town Office.
3. Please leave handicap parking spots available for those needing them.
4. No parking along the fire lane located along the driveway edge of the facility.
5. Parking along Western Avenue is not allowed due to safety concerns. Our schedule has been altered to limit the number of parking spaces needed for 4 teams. Overflow parking is located at the Hampden Town Office lot.
6. Drive slowly when entering and exiting the facility...with so many children around we want everyone to be as safe as possible!

Thank you for your help and attention with this matter.
